# MentorMe Kenya

Your transformation starts today. With MentorMe.

## THE MENTORING PROGRAM YOU JOIN AS MENTEE

MentorMe Kenya is promoting jobs and business for Kenyans through a Kenyan-German mentoring program, with mentoring, training and networking. MentorMe has partnered with the German Development Cooperation through the initiative Employment and Skills for Development in Africa (E4D) to improve employment. The partnership is implemented by Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) and co-funded by NORAD. It is for job seekers and owners or managers of micro (1-9 employees), small (10-49) & medium (50-249) enterprises, who want to forge smart, unique career decisions for themselves and their businesses. MentorMe supports them by matching them with experienced professional mentors and giving them access to trainings on job-application and business development, as well as job-focused networking events.

## Who can participate in the mentoring program? You have or you are:
